

HMD LECTURE: Tuesday, December 9, 2014

Fungal / Bacterial / Viral Infections

Presented by Edward Thrall

This HMD lecture is on Candida and various related infections of the body. It will describe the symptoms, causes, and treatments for Candida as well as the energetic and spiritual components related to the disease.

Edward Thrall graduated from BBSH in 2003 and completed the ASBIW program in 2006. Ed has been on the faculty at BBSH for 7 years. Ed lives in Plantation, Florida, with his wife Ingrid who is also a graduate of BBSH. Ed owns and manages a State Farm Insurance agency in Coconut Creek, Florida. Ed also has a healing practice and teaches breath work in South Florida. Ed trained in Remote Viewing with Lynn Buchanan, a former military intelligence Remote Viewer in the Stargate program. Ed's hobbies are yoga and playing guitar and singing.
